

Joseph S. Hice

470-423-4087 | jhice2525@outlook.com | Gainesville, GA 30506

Summary

Safety-conscious and reliable maintenance technician with over 20+ years of related experience ensuring operational continuity and optimizing equipment uptime. By reacting to production emergencies and down-time, I effectively communicated with production supervisors and managers while prolonging equipment asset lifespans, preventing unnecessary costs and minimizing unplanned production distractions.

Core Competencies

- Troubleshooting & Hands-On-the spot! abilities to identify failures, mechanical, electrical, pneumatic and hydraulic issues before they extend beyond repair.
- Fine-Tuning! The ability to perform critical alignments, calibrations, inspections and adjust machinery which will prolong it's lifespan.
- Hardware and Industrial Cabinets: Not only capable of troubleshooting but repairing and prolonging electronic hardware. Ability to read hardware and electrical schematics, isolate wiring and/or component failures, test voltage levels and potential damaging electrical-shorts to ground.
- (HMI/PLC) - Familiar with software downloads and updates too Human Machine Interfaces, as well as, soft-skill knowledge with Programmable Logic Controls (Siemens, Allen-Bradley ..)
- Transferrable Skills
 - Computer Proficiency : Type 40-wpm + Windows & Linux OS + MS Office
 - Programming Languages : Java + C++ + Python + Javascript/HTML/CSS + Siemens S5/7 + (HMI) QT cross-platform development tooling.
 - Time Management + Problem Solving & Critical Thinking + Teamwork + Attention-To-Detail

Certifications

- OSHA 10 Certified
- OSHA Forklift Operator (Class I-V) Certified
- CPR Certified

Experience

2023 - 2025 **Maintenance Technician** | *Fieldale Farms* | *Murrayville, GA*

(*1st Processing Evisceration Line(s)*)

Responsible for all equipment repair, support and weekend preventive maintenance requirements. Daily duties included, moving product throughout the plant with electric pallet jack and also driving the outdoors Lull Truck for equipment handling and trash removal from facility.

2014 - 2022 **Application Specialist** | *IBA America, LLC* | *Cumming, GA*

Help Desk & Technical Support role where I assisted Application Engineers with customer training, documentation and software installations. Pallet and forklift operations for moving shipping and receiving product.

2008 - 2014 **Computer Support Role** | *Integrated Controls & Information* | *Cumming, GA*

Software development for User Interface experiences on Industrial displays where I utilized company software tooling for UI design and deployment.

2002 - 2008 **Maintenance Technician** | *Habasit Belting* | *Suwannee, GA*

Preventive and production repairs facility belt machinery; Conveyor, Plastic Modular, Power Transmission and Timing Belt equipment. This role introduced me to Lathe, Milling and Welding technics for in-house fabrication methods. Additional duties included, forklift operation and maintenance checks on Cherry/Order Pickers and Propane powered counterbalance forklifts (Class I-IV)

1996 - 2002 **Warehouse Specialist** | *SIEMENS* | *Alpharetta, GA*

Counter-Balance LP Forklift operations, where I handled equipment placement, loading & unloading equipment from carrier trucks, inventory counts and RF scanning for all products moving in and out of the building.

1990 - 1994 **Communications Operator ([Radioman](#))** | *U.S. NAVY* | *Mayport, FL*

Communications Operator aboard the [U.S.S. Antrim FFG-20](#). I was responsible for transmitting, receiving, and processing all forms of telecommunications, including voice and data circuits between ships, aircraft, and shore stations.

Education

2016	Full-Stack Web Development		DigitalCrafts		<i>Atlanta, GA</i>
2005 - 2008	AA - Computer Programming		Gwinnett Tech		<i>Gwinnett, GA</i>
1994 - 1996	AA - Electronics		DeVry		<i>Decatur, GA</i>

Hobbies & Interest

- Landscaping & Gardening
- Wood Projects & Crafts
- Reading, Writing & Theological Studies
- Web Programming : [Front-End/Back-End Full-Stack Development](#))
